

HealthSystems Job Description

Role: EMR Clinical Consultant

Essential Functions (Responsibilities):

Lead the Medical Practice through the implementation of the Centricity EMR product, focusing on the training and education at the medical practice. This would include both clinical and non-clinical staff. The activities will include:

- Conduct initial customer assessment; establish customized implementation/training plan
- Identify customer implementation requirements
- Influence and drive implementation plan and timeline
- Provide remote analysis of data build process
- Deliver onsite and remote coaching to customers, utilizing remote software tools
- Participate in report specification process for custom reports if applicable
- Deliver supplemental application training as necessary
- Conduct interim on-site customer visits after initial training
- Support the clinic go-live session (part of our phased implementation approach)
- Coordinate implementation activities with Project Management and other technical services staff.
- Provide project documentation, including implementation plans, site visit reports and other documentation as appropriate
- Assist with development and improvement of implementation and training process

Qualifications/Requirements:

- Strong Clinical Information Systems knowledge;
- Strong interpersonal skills, with a high degree of self-motivation and ability to work independently
- Excellent communication skills - ability to interface and influence at multiple organization levels
- 3 Years clinical or technical experience using an electronic documentation system in a clinical setting preferred
- Strong PC skills, including advanced knowledge of Microsoft Office products
- Ability to travel, up to 75%.

Desired:

- Working knowledge of the GE Healthcare Centricity EMR (formerly MedicaLogic Logician) product line and/or Practice Management software.
- 2 Years formal or informal training experience
- Strong knowledge of Adult learning principles
- Experience delivering remote training, utilizing WebEx or like delivery mechanism

General:

We offer a competitive salary, outstanding benefits package and the professional advantages of an environment that supports your development and recognizes your achievements.

We are an Equal Opportunity Employer.
